BRIEF ABSTRACT OF LETTERS.

IV Reffg. to para 3 of G.O. No. C. 1893-9/Sans. 73-17-6 of 1-3-19 directing the forming of the 8 Dts so that each of two districts shd have a Dy. Sany. Offr, states that the above arrangement involves dual control by Heads of two Dts, the demands of each of whom may be insistent & even imperative requests that for reasons given the existing arrangement may be retained until such time as it maybe feasible to employ a whole-time Dy. Sany. Offr. for each of the other four Dts.

NOTES AND ORDERS.

B 1) The Sany. Comr invites reference to G.O. No. 96-S/San. 114-16-4 of 5-7-17 directing that the Dy. Sany. Offr be made the Personal Asstt to the Dy. Comr. in Sany. matters & states that with the charge of two Dts it is not possible for a Dy. Sany. Offr to carry out his duties as Personal Asstt to the Dy Comr. 2) The Dewan has ordered the early submission of this Case in the Secretariat abstract.

3) Submitted for orders with references.

8. Subject. - Clause xii of the schedule.

30) Question of the retention of the existing arrangements for the Sanitary charge of Districts.

Opinion of the Council.

The proposal to place a group of two Districts under a District Sanitary Officer may be modified and a separate Officer appointed for each of the Districts except Bangalore and Mysore.

In the Bangalore and Mysore Districts the District Medical Officers may be District Sanitary Officers ex-officio and may be given a local allowance of Rs.50/- per mensem for this additional work.

The number of Officers may be increased by one, so as to leave one officer in reserve after providing for District charges as above.

The designations of Health Officers and District Sanitary Officers may be changed into Health Officers, 1st Class, and Health Officers, 2nd Class, respectively.

(Signed) M. Kantaraj Urs,
Dewan of Mysore.

Subject:—

Question of the retention of the existing arrangements for the Sanitary charge of Districts.

Government Order No. G. 18997-9/San.73-17-6 dated 1st March 1919, laid down that there should be a District Sanitary Officer for a group of two Districts as shown in the margin besides two reserve officers. The Sanitary Commissioner in his letter dated 24th March 1919, has brought to notice that the arrangement of having one District Sanitary Officer for two districts involves dual control by heads of two districts, to whom the District Sanitary Officer is Personal Assistant in sanitary matters, the demands of each of whom may be insistent and even imperative, that the District Sanitary Officer will have to be guided by two sets of orders directing his itineration for emergent work, that with the charge of two districts, the carrying out of his duty as Personal Assistant to Deputy Commissioner is out of the question, and that one District by itself is too large an area for purposes of effective sanitary work. He has accordingly requested that the existing arrangement of the District Medical Officers being in charge of sanitary work also in four of the districts may be ordered to continue till a whole time District Sanitary Officer can be appointed for each district.

Mysore and Hassan.
Tumkur and Chitaldrug.
Bangalore and Kolar.
Shimoga and Kadur.

papers under disposal

2. When the question came before me I recorded the following minute :-

"On further consideration I think the recommendation of the Sanitary Commissioner should be given effect to.

Pages 5 to 7 of the Notes.

" It seems to me that the District Medical officers, Mysore and Bangalore, can as well do the duties of the District Sanitary Officers. They have no hospital work and the District Medical Officer, Mysore, has been relieved of the charge of the Mysore Jail. The duties of these District Medical officers are confined only to an examination of recruits for public service and an examination of persons applying for insurance. They also inspect the dispensaries in the district periodically and carry on correspondence with the Senior Surgeon in respect of them which is not much. The District Medical officer of Bangalore is doing the duties of the District Sanitary Officer in addition to his duties. The District Medical Officer, Mysore, can as well be entrusted with that work. In that case the District Sanitary Officer of Hassan might remain in charge of the sanitary work of that district. The District Sanitary Officer of Mysore who will be set free by this arrangement may be given to the Kadur District which under the present scheme will not have a separate District Sanitary Officer. The Malnad Districts of Kadur and Shimoga are very important from a sanitary point of view and I think each of these districts should have a separate District Sanitary Officer. The District Sanitary Officer sanctioned for Bangalore and Kolar might as well remain in charge of the Kolar District only. There remain thus the districts of Tumkur and Chitaldrug which have to be provided for with a separate sanitary officer and the two reserve officers attached to the office of the Sanitary Commissioner might each be posted to these districts, the Assistant to the Director of Public Health Institute doing the duties of Personal Assistant to the Sanitary Commissioner in addition to his duties.

" To sum up, my proposals are

(1) that when District Medical Officers do hospital work, they should not be given sanitary work which involves itineration,

(2) that the District Medical Officers, Mysore and Bangalore, may be given sanitary work in addition to their duties as they do not do hospital work.

(3) that in order to give each Deputy Commissioner a separate sanitary officer the four District Sanitary Officers sanctioned for the district work and the two District Sanitary Officers attached to the office of the Sanitary Commissioner may be posted each to one of the remaining districts.

The District Medical Officers of Mysore and Bangalore may be given an allowance of Rs.50/- for being in charge of sanitary work."

3. The matter was considered in Council on the 11th September, when they resolved that " the proposal to place a group of two districts under a District Sanitary Officer may be modified and a separate officer appointed for each of the districts except Bangalore and Mysore. In the Bangalore and Mysore districts, the District Medical Officers may be District Sanitary Officers ex-officio and may be given a local allowance of Rs.50/- per mensem for this additional work. The number of officers may be increased by one, so as to leave one officer in reserve after providing for district charges as above. The designation of Health Officers and District Sanitary Officers may be changed into Health Officers 1st class and Health Officers 2nd class respectively."

4. At present officers of the rank of Health Officers are provided only for the Municipalities of Mysore and Bangalore and the Sanitary Board, Kolar Gold Fields. This arrangement has been found to be inconvenient as it prevents a free inter-change of officers in the department itself. Hence the Council resolution for a change of the designation so as to facilitate the appointment of a junior but competent officer as Health Officer of any of the areas mentioned above.

5. The Financial Secretary acquiesces in the proposed arrangement with the remark that the extra cost may be ordered to be met by specific reappropriation to be pointed out by the Sanitary Commissioner.

Hassan, Shimoga to the District Sanitary Officers concerned. A copy of the memorandum which was submitted to Government with this office letter No. G.C. 79-2 dated the 1st August 1917 is enclosed for ready reference.

Sam 24-17-3 v Q

2. As has already been represented to Government the efficiency of the Sanitary administration in the District is vitally connected with the standing the District Sanitary Officer is given in relation to the established scheme of the Sanitary administration in the district. Isolated from this, he loses numerous opportunities for effective work and his functions will consist more or less in combating the 3 Epidemics of Plague, Cholera and Small-pox.

3. The arrangement of having one District Sanitary Officer for two districts involves dual control by heads of two districts the demands of each of whom may be insistent and even imperative. The District Sanitary Officer will have to be guided by two sets of orders directing his itineration for emergent work andthe exercise of his discretion as to which order to obey in preference to the other will place him in situations which concievably might become unpleasant.

With the charge of two districts, the carrying out of his duties as personal Assistant to the Deputy Commissioner is clearly out of question. Ever since the reorganisation of the Public Health Department in 1907, the effort has been to get the District Sanitary officer into close touch with the head of the district and the Municipal administration and it seems to me undesirable that having arrived at so satisfactory an arrangement, any other should now be perpetuated tending to isolate the District Sanitary Officer and throw him on his own unaided endeavour to secure tangible results. I enclose an extract from the demi- official letter received from the Deputy Sanitary Commissioner, Madras regarding the arrangements obtaining in the Madras Presidency.

P.T.O.

(22

It is needless for me to point out that one District by itself is a large area, at any rate for purposes of effective Sanitary work. Epidemics are prevalent during most parts or the year in one portion or other of the District. It frequently happens that the Sanitary Officer has next to no time to attend to the important subjects of rural water supply, public instruction in sanitation &c. The blending together of two districts will merely be making the situation more acute.

4. I would therefore request that Government may be moved to retain the existing arrangement until such time as they deem it feasible to employ a whole time District Sanitary officer for each of the other four districts.

I have the honour to be,

Sir,

Your most obedient servant,

Offg. Sanitary Commissioner.

M.A.N.24-3-19.

M e m o r a n d u m.

In pursuance of Government Order No. 94-8 Sanitary 114-14-4 Sany. 114-14-4 dated the 5th July 1917, the following instructions are laid down for the guidance of the District Sanitary Officer:--

(i) The Office of the District Sanitary Officer will henceforward form an integral part of the office of the Deputy Commissioner, the District Sanitary Officer being regarded as the Assistant in the - - Sanitary Department in the same manner as and with functions similar to those of, the Assistants in the several other Departments under the control of the Deputy Commissioner.

(ii) The orders of the Deputy Commissioner will be final on all matters pertaining to administration including the control of the staff placed under the District Sanitary Officer, in regard to which orders were hitherto being sought ffom the Sanitary Commissioner. Direct correspondence with the Sanitary Commissioner will be limited strictly to subjects involving scientific or technical difficulties and even in these cases, the communication will as far as possible be addressed through the Deputy Commissioner.

(iii) The District Sanitary Officer, will as a general rule, seek orders from the Deputy Commissioner by means of memos and office notes and not by formal letters.

(iv) All communications from the Sanitary Commissioner pertaining to the Sanitary Department in the District will be addressed to the Deputy Commissioner, Sanitary Department. Any powers regarding the business to be transacted ~~to the district~~ regarding vital statistics, - - epidemic diseases, scrutiny of sanitary Inspectors' work, incurring expenditure for setting right minor sanitary defects etc., may be delegated to the District Sanitary Officer.

(v) In all the cases where power is delegated to the District Sanitary Officer communications from the Deputy Commissioner may issue,

P.T.O.

District Sanitary Officers.

No. G. 10633-43—San. 73-17-8, dated 12th November 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. G. 18997-9—San. 73-17-6, dated 1st March 1919, reorganising the Public Health Department and placing four District Sanitary Officers, each in charge of a group of two districts and sanctioning two places of reserve District Sanitary Officers.

2. Letter No. G. C. 429, dated 24th March 1919, from the Sanitary Commissioner in Mysore, stating that as the District Sanitary Officers are, under Government Order No. 94-8—San. 114-16-4, dated 5th July 1917, Personal Assistants to the Deputy Commissioners of Districts, the system of having one Sanitary Officer for two districts involves dual control by the heads of two districts and that one district by itself is large enough for purposes of effective sanitary work and proposing that the existing arrangement of the District Medical Officers being in charge of the sanitary work in four districts be ordered to continue till whole time District Sanitary Officers are appointed for these four districts also.

Order No. G. 10633-43—San. 73-17-8, dated 12th November 1919.

On a reconsideration of the question of the charges of District Sanitary Officers, Government are pleased to direct as follows:—

(1) The arrangement of two districts being placed under the charge of a District Sanitary Officer will be modified and a separate officer appointed for each of the districts except Bangalore and Mysore.

(2) In the Bangalore and Mysore Districts the District Medical Officers who are not in immediate charge of hospitals or wards in the hospitals will be District Sanitary Officers *ex-officio* and will be given a local allowance of Rs. 50 per mensem for the additional work.

(3) The number of officers so far sanctioned will be increased by one so as to leave one officer in reserve after providing for district charges as above.

(4) The designations of the Health Officers and the District Sanitary Officers will be changed into Health Officers, 1st Class, and Health Officers, 2nd Class, respectively.

2. The extra cost during the current year on account of the appointment of one additional Health Officer of the 2nd Class as a reserve officer will be met by reappropriation in the current year's budget of the Sanitary Department from a source to be pointed out by the Sanitary Commissioner.

3. The Sanitary Commissioner will submit proposals at an early date for the posting of the several District Officers in accordance with the arrangements sanctioned above.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Sanitary Commissioner in Mysore
The Senior Surgeon in Mysore.
The Deputy Commissioners of Districts.
